KEY PROJECTS

- **Aman Perfumes** – Developed a full-featured e-commerce platform in Laravel & MySQL with product variants, shopping cart, and wishlist functionalities, improving user engagement and sales flow.
- **Medical Trust College** – Built a college admission portal supporting online student application submission, mark list normalization, automated rank list generation, and allotment process, streamlining the admission workflow.
- **Pushpagiri Medical College** – Developed a CMS-based institutional website with content management features, enhancing scalability and ease of updates.
- **AL Masar Al Saree** – Implemented a bulk product purchase & bidding system enabling competitive user bidding and order management.
- **Christ College** – Created a CMS-driven online application system for UG, PG, and Health courses with admission process automation, reducing manual workload.
- **DFD** – Designed an e-commerce platform with date-based product selection and admin-controlled scheduling/blocking system for deliveries.
- **Health Deliver Asia** – Built a hospital service portal with package booking and doctor appointment scheduling system (date & time-slot based), improving hospital resource management.

KEY ACHIEVEMENTS

- Successfully delivered 20+ client projects across e-commerce, education, and healthcare industries.
- Improved application load time and user experience with database query optimization and caching techniques.

EDUCATION

BCA | Pilathara Co-Op Arts & Science College | 2016 - 2019

VHSE - COMPUTER SCIENCE | GVHSS Neruvambram | 2014 - 2016
